**ORDER FOR EMERGENCY EVALUATION
AND ORDER FOR TRANSPORT**

THIS MATTER COMES before the Court on Petition for Emergency Evaluation and Order for Transport and the Court having reviewed the Petition finds that there are reasonable grounds to believe that the Individual identified herein requires an emergency evaluation to determine whether, as result of a mental disorder, the Individual presents a likelihood of serious harm to himself/ herself or others.

IT IS THEREFORE ORDERED THAT:

1. The Individual be transported for an emergency mental health evaluation to the closest Evaluation Facility.
2. The Individual be evaluated by a licensed physician or certified psychologist.
3. The physician or psychologist shall make clinical determination(s) regarding whether as a result of a mental disorder, reasonable grounds exist to support a conclusion that (A) the Individual presents a likelihood of serious harm to him/her self or others; and (B) detention is necessary to prevent such harm.
4. A copy of the Petition for Emergency Evaluation is attached to this Order. The Petition provides information regarding the basis for the Request for Emergency Evaluation, including police reports (if available), information regarding the Individual, and relevant contact

numbers. Such information may be used by the licensed physician or certified psychologist in performing the evaluation.

5. If the licensed physician or certified psychologist determines that as a result of a mental disorder, the Individual presents a likelihood of serious harm to himself, herself or others and admission at a Treatment Facility is necessary to prevent such harm, the Evaluation Facility shall make arrangements to admit the Individual or shall make arrangements to otherwise facilitate the admission of the Individual to a Treatment Facility. The Evaluation Facility shall provide Notice of the detention to the Petitioner, including the name of the Treatment Facility where the Individual will be detained.

6. If the licensed physician or certified psychologist determines that the Individual DOES NOT present a likelihood of serious harm to him/her self or others and admission to a Treatment Facility is NOT necessary to prevent such harm, the Evaluation Facility will not detain the Individual. The Evaluation Facility shall provide Notice of the results of the evaluation to the Petitioner and Notice that the Individual will not be detained to facilitate the discharge of the Individual from the Evaluation Facility.
